

# ST-31

## Wireless Water Leakage

### Features:

- Rust-proof sensor, long services life
- Ultra-micro power consumption design
- Intelligent signal analysis technology
- Sound and flash alarm function
- Turn o- leakage detection function
- Automatically detect the loading of old and new battery function
- Battery low power prompt function

### TECHNICAL SPECIFICATION

<b>Power</b>	DC 3V(Battery) (2 pcs 1.5V/AAA Battery)	<b>Working Environment</b>	-20°C~ +60°C
<b>Frequency</b>	433.92Mhz	<b>Alarm Current</b>	<100mA
<b>Humidity</b>	<80%	<b>Housing Materials</b>	ABS Flame-resistant Material
<b>Standby Current</b>	<10uA	<b>Alarm Sound</b>	->90dB
<b>Wireless Distance</b>	(inner Antenna):> 100m
